

I HAVE DISAPPOINTED MY GIRL

I know I have disappointed my girl
So I discover I've failed all my word:
I were believing my way of living
Were all right, according to my view,
(but) I weren't seeing nor realizing
what was good only for me and for no one else

I know I have disappointed my girl
I've made her sad, burnin' my just few words.
Sometimes I were down, I didn't wanna run,
I've got the blues and all seemed against me
So I were findin' I weren't living (truly day)
and neither I were gentle with my girl ...

I've been indeed a few impulsive

In such of delicate situations

But I just hope she will forgive me

'cause' I love her as she loves me ... she loves me ...

(INSTRUMENTAL)

I understand that I've mistaken

In such of delicate situations

But I just hope she will forgive me

'cause' I love her as she loves me ... she loves me

I know I so haven't satisfied her

I see the glass mountains both me and her

I were believin' my way of livin'

Were all right according to my view

(but) I weren't seeing nor realizing

what was good only for me and for no one else.

I know I have disappointed my girl ...

I know I have disappointed my girl ...

My girl ...
